## **A modellers dream date - everything N Gauge under one roof**

The 2015 International N Gauge Show is rapidly taking shape, this exhibition is dedicated to N Gauge Modelling at its best and attracts nearly 3,000 enthusiasts every year.

Organisers expect over 40 specialist suppliers to be present showcasing all the latest models and products making it THE place to visit to stock up on all the materials and models any model rail enthusiast could ever need.

There will also be 31 layouts on display depicting American, Steam and Modern layouts as well as four of the leading societies for N Gauge enthusiasts.

This is a hugely popular specialist railway exhibition and totally focuses on N Gauge. Nowhere else can you see and enjoy the N Gauge scale in such volumes of either layouts or exhibitors making it the only place to see all things N Gauge.

A special German layout in 2015 will be probably the largest N Gauge exhibition layout ever seen in the UK. It will be 13m x 9.5m and takes a team of 17 from Germany to operate it – a truly amazing sight to witness. The scenes presented include parts of Swiss Alp's, Austrian flat landscape and southwest German landscape.

The West Midlands N Gauge Club will also celebrate its 20<sup>th</sup> anniversary during the 2015 show and will present "Waterstock" a 20ft long layout based on an amalgam of Hatton Junction and Yeovil Pen Mill.
