### **About The Nationwide Association of Blood Bikes**

The Nationwide Association of Blood Bikes is the umbrella organisation representing 24 regional blood bike charities, all providing a motorcycle based, free delivery service to the NHS; moving vital medical supplies, blood and pathology samples from medical centres and hospitals throughout the UK. NABB member groups are closely involved in the transport of frozen human milk from the donor to the milk processing banks. This has been a real lifesaver due to the necessity of very premature babies having intolerance to anything but

human milk. Run entirely by volunteers, NABB member groups have over 1500 active members with a fleet of 120+ emergency response vehicles. All NABB riders are trained in the movement of medical essentials and operate from individual regional charities but with a common goal – to alleviate suffering and reduce the funding pressures on the NHS.

Severn Freewheelers is the regional Blood Bike group operating Gloucestershire, Hereford & Worcester and North Wiltshire. Over 70 volunteers help Severn Freewheelers carry out a much-needed service. Severn Freewheelers runs five BMW R1200RTs and a Honda ST1300; all are emergency response equipped and the members handle some 4,000 call outs per annum, covering 150,000 miles.
